AUTHOR Kitao, Kenji, Comp.
TITLE A Bibliography of English Teaching CAI.
PUB DATE [92]
NOTE 37p.
PUB TYPE Reference Materials - Bibliographies (131)

EDRS PRICE MF01/PC02 Plus Postage.
DESCRIPTORS *Computer Assisted Instruction; *English (Second Language); Foreign Countries; *Second Language Instruction; Second Language Learning

ABSTRACT

Approximately 350 books and articles are included in this unannotated bibliography on computer-assisted instruction (CAI) for English. The bibliography is part of a research project supported by the Doshisha University (Kyoto, Japan) Research Fund (1991-1992). Journals covered include the "CALICO Journal," "Computers and the Humanities," "CAELL Journal," "Modern Language Journal," "Foreign Language Annals," "SYSTEM," "JALT Journal," and "Cross Currents." The citations, all English-language and listed by author, primarily cover the period 1980 to 1991, with a few works from the 1970s included. (LB)

ED352832

A Bibliography of English Teaching CAI

Kenji Kitao

Doshisha University, Kyoto, Japan

I compiled this bibliography with books and articles used or refered to for a CAI research project which was supported by the Doshisha University Research Fund (1991-1992). I included foreign journals such as CALICO Journal, Computers and the Humanities, CAELL Journal, The Modern Language Journal, Foreign Language Annals, and SYSTEM. I also included articles from JALT Journal and Cross Currents published in English in Japan.

Though this bibliography follows APA style, first names are spelled out for the convenience of those who are using MLA style, except in cases where authors use initials for their first names or if the reference came from a secondary source that used the initial only, which was very rare.

I was assited in compiling this bibliography by members of the research team.
